#ELEV8 WITH TURNER

FOR MORE THAN A CENTURY, TURNER HAS PREPARED THOSE WHO SERVE.

Founded in 1894 within the African Methodist Episcopal Church, Turner Theological Seminary is the oldest historically Black graduate school of theology in the southeastern United States. For one hundred and thirty years, our graduates have stood in pulpits, hospital corridors, classrooms, and prisons — bringing the Gospel into the hardest places American life can deliver.

We are the seminary that trains pastors who will be there when the family calls at 2 a.m. We are the seminary whose alumni serve in **every district of the AME Church** and across the historic Black church. The work has not changed. The world has.

Phase III of our capital campaign is how we meet this moment — not by becoming something we are not, but by giving our students, faculty, and ministry the modern facility, technology, and endowment that one hundred and thirty more years of service will require.

FIVE TRANSFORMATIONS. ONE SACRED BUILDING.

Phase III is one campaign expressed as five investments. Each can be named. Each is essential. Together they total \$20,000,000.

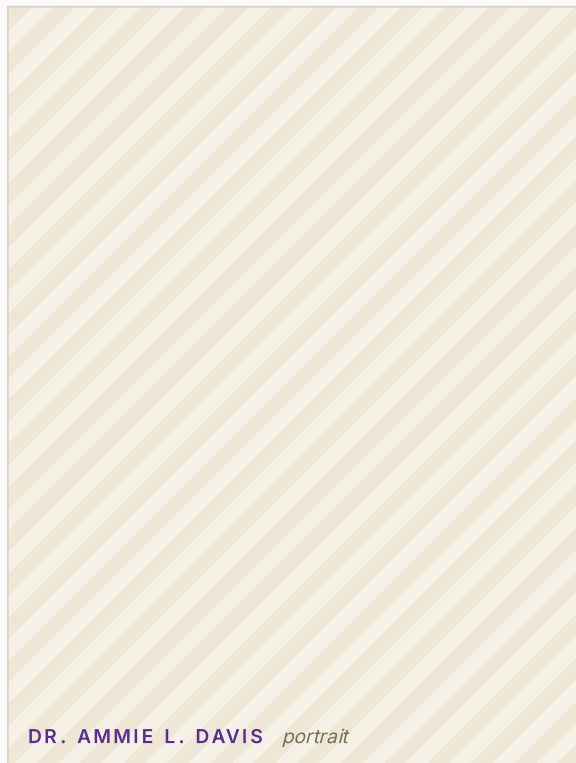

I	A NEW FLOOR FOR A NEW ERA	\$4.0M
A 5th-floor addition adds 14 dorm rooms, 5 suites, and a new classroom — every bed reserved for a future minister.		
II	THE ENDOWMENT THAT LASTS	\$2.0M
A \$2M endowment corpus secures faculty, scholarship, and operational independence for the century to come.		
III	SYSTEMS WORTH THEIR MISSION	\$2.0M
Full HVAC and electrical replacement — quiet, modern, and reliable for the next forty years of formation.		
IV	SACRED SPACE, RENEWED	\$1.5M
The Courtyard, Chapel, and Elevator are restored as the center of seminary life and student welcome.		
V	TECHNOLOGY THAT SERVES MINISTRY	\$1.5M
Network, audio-visual, and learning systems brought to the standard our students and graduates already meet in the field.

THE STEWARDS OF THIS MOMENT.

DR. AMMIE L. DAVIS
PRESIDENT & CEO

"Phase III is not a renovation. It is the seminary's act of faith that the next century of ministry deserves better than the last forty years of facility. We owe our students that promise — and we owe the church that prepared us, the same."
