#ELEV8 WITH TURNER

EXECUTIVE SUMMARY & FINANCIAL FOUNDATION

Turner Theological Seminary's \$20,000,000 Phase III capital campaign completes a multi-year program of facility renewal, technology modernization, and endowment growth begun in 2018. Phase I and II — a combined \$1.9M already deployed — established the seminary's track record on time, on scope, and on budget.

Phase III is the largest and final phase. It directly funds a new fifth-floor addition to Talbot Hall, complete HVAC and electrical replacement, technology infrastructure renewal, courtyard and chapel restoration, and a \$2M permanent endowment corpus.

The campaign's financial foundation rests on \$1.28M of FY2025 housing revenue — twice the prior year — and on a board-approved gift acceptance and pledge-payment schedule extending through 2029. Pro forma scenarios A, B, and C are detailed in Sections Two and Three.

This document is prepared for review by the Board of Trustees, the Campaign Cabinet, and identified major-gift prospects under standard institutional confidentiality.
