Thank you for the clarification. We've now approved your Production Request. You should receive an email with more information shortly.

Please note that you may have outstanding items to complete before receiving full production access, such as the Security Questionnaire. If so, this will be reflected in your Plaid Dashboard.

Hi Chris,

Thank you for reaching out. Happy to provide what you need.

1. FEIN Documentation
Please find attached our IRS-issued EIN confirmation letter for Meridia Holdings LLC.

2. Product / Website
WayPoint is currently in active development with our backend API live as of this week. I've attached screenshots of:

- The WayPoint Crown financial intelligence console (Index8), showing the Financial Position Score, Trust Index, entity governance map, and scenario engine
- The institutional Vantage console, showing portfolio position, compliance intelligence, relationship heat map, and bilateral risk panels
- The WayPoint adaptive interface demonstrating all four client tiers (Renaissance, Core, Edge, Crown)
- The Integra Core API running live at our development endpoint, returning real position data

Our public-facing domain (meridiallc.com) is currently being configured. The product is operating in a development environment ahead of our Limited Production rollout. We are in active conversations with regional banking partners for our pilot deployment.

Please let me know if you need anything additional to complete your review.

Best regards,
