

Your Family's Financial Position

Prepared February 23, 2026

From Aletheia, Your Steward Guide

"Your overall position is stable with a Trust Index of 85. However, Family Impact Foundation requires your attention. I recommend scheduling a review to discuss options. The situation is manageable — it is about calibration, not crisis."

Your Position

Your family total net worth is \$17.4M, with \$2.5M available as liquid cash. You have \$419K in upcoming obligations over the next 90 days. Your resilience score is 92 out of 100 — meaning you have a strong buffer against unexpected events.

Trust Index

85 / 100

Financial	90
Stewardship	78
Mission	86
Governance	89

You are in a strong position. There are a few areas to keep an eye on.

Your Entities

Crown Legacy Trust [HEALTHY]

A long-term trust designed to protect and grow wealth across generations

Corpus: \$11.0M — Everything is operating as expected

Family Impact Foundation [WATCH]

Your family charitable giving vehicle — it funds grants and community impact

Assets: \$4.2M — Something needs attention soon, but it is not urgent

Crown Holdings LLC [HEALTHY]

The entity that manages your family business interests and investments

Equity: \$7.9M — Everything is operating as expected

Action Items

[MEDIUM] Review Family Impact Foundation

The Foundation is giving away more than it is earning. This is not dangerous right now, but if it continues, the Foundation resources will shrink over time.

Suggested: Talk with your advisor about adjusting the grant rate, or consider adding to the Foundation core funds.

Questions You Can Ask Aletheia

- › "What happens if we reduce the Foundation grant rate to 5%?"
- › "Show me a market downturn scenario"
- › "What is driving the Stewardship score?"

Next Steps

1. Review the Foundation grant rate with your advisor
2. Schedule quarterly governance review
3. Consider scenario modeling for distribution adjustments
