WayPoint — Regulatory Compliance Report

Report Date: February 23, 2026 | Report ID: 1518279a-886d-4b14-8349-7444259b6413

Compliance Summary

Overall Status: Compliant | Last Audit: 2025-Q4 | Next Audit: 2026-Q2

Certifications

Certification	Status	Expiry
Data Residency	Compliant	2026-12-31
AES-256 Encryption	Compliant	Perpetual
SOC 2 Type II	Certified	2026-09-30
PCI DSS	Certified	2026-06-30

Governance Cascade

Multi-party permission cascade: sensitive insights are locked upon detection. Three governance roles (CEO, Trustee, Architect) receive role-specific notifications. Insight release requires documented approval from all parties.

1 ACTIVE ALERTS	1 PENDING APPROVALS	4.2 hours AVG RESOLUTION
---------------------------------------	---	--

Escalation Policy: Auto-escalate after 48 hours without response

Audit Trail

Timestamp	Action	Status	Priority
2026-02-23 01:22:04	Governance notification sent to CEO	notified	high
2026-02-23 01:22:04	Governance notification sent to Trustee	notified	high
2026-02-23 01:22:04	Governance notification sent to Architect	notified	high

Entity Compliance Status

Entity	Type	Status	Filing	Policy Adherence
--------	------	--------	--------	------------------

Crown Legacy Trust	Dynasty Trust	healthy	Current	Yes
Family Impact Foundation	Foundation	watch	Under review	Deviation detected
Crown Holdings LLC	Holding Company	healthy	Current	Yes

Data Handling and Privacy

- PII Policy:** No PII stored in analytics layer. All PII encrypted at rest and in transit.
- Data Retention:** 7 years for financial records, 3 years for analytics, 90 days for session data
- Access Controls:** Role-based access control with governance-tier permissions
- Third-Party Data:** Plaid/Finicity — data shared under consumer authorization only
- AI Data Policy:** AI interactions not used for model training. Responses governed by permission cascade.

Risk Flags

- **Family Impact Foundation**

Entity in WATCH status — deviation from policy parameters detected

Regulatory Relevance: May require disclosure in next filing

Recommended Action: Document rationale and remediation timeline
